## ***South Central Construction Announces Louisiana's Best of 2010 Winners***

Baton Rouge – September 21, 2010 – [South Central Construction](#) magazine is pleased to announce the complete list of winners for Louisiana's Best of 2010 awards program. The annual competition recognizes construction and design excellence in Louisiana projects completed in the last year.

An independent jury of industry experts evaluated numerous nominated projects in mid-September. Projects were eligible for the competition if they were 1) located in Louisiana, 2) completed in the past year, 3) did not have a construction-related fatality.

The awards listed on the following pages will be featured in the December issue of [South Central Construction](#) and honored at [an awards luncheon](#) to be held at Boudreaux's in Baton Rouge on Thursday, Dec. 2. All submitting firms and team members are invited to attend.

The jury awarded projects based on entry criteria including safety, innovation, contribution to the community or industry, construction quality and craftsmanship, and function and aesthetic quality of design. The entries were sorted by project type. Each category has a "Best of" award winner and in some cases one or more Awards of Excellence and/or Awards of Merit. The Judges Award is given to the project(s) deemed the best of all the entries.

The category winners of *South Central Construction's* Best of 2010, listed on the pages below, will be entered into the National Best of 2010 competition and judged against winners from other regions. Those winners, the National Best of 2010 awards, will be highlighted at [www.southcentral.construction.com](http://www.southcentral.construction.com) as well as an upcoming issue of [Engineering News-Record](#).

### **About McGraw-Hill Construction**

McGraw-Hill Construction connects people, projects and products across the design and construction industry. For more than a century, the Company has remained North America's leading provider of construction project information, plans and specifications, product information, industry news, and industry trends and forecasts. In print and online, the Company offers a variety of tools, applications, and resources that easily integrate with its customers' workflows. Backed by the power of Dodge, Sweets, *Architectural Record*, *Engineering News-Record*, *GreenSource*, and 11 regional publications, McGraw-Hill Construction serves more than one million customers within the \$5.6 trillion global construction community. To learn more, visit [www.construction.com](http://www.construction.com) or follow [@mhconstruction](#) on Twitter.
